

THE NHS HEALTH AT WORK NETWORK

THE VOICE OF NHS OCCUPATIONAL HEALTH

Why not join us as an Associate Provider in 2022?

About us

The NHS Health at Work Network influences and advises Government and other key national stakeholders about occupational health in the NHS. With well over 100 members, our Network accounts for approximately 90% of all NHS OH providers in England which in turn look after almost 1 million NHS staff members.

We are delighted to be working closely with NHS England and Improvement on their Growing OH programme and proud that we are the 'go-to' organisation representing NHS occupational health.

Most importantly of all, the Network exists to represent and be the voice of its members.

Associate Member Benefits include

- **Network Annual Conference overnight delegate place 7/8 September 2022 at Woodland Grange, Warwickshire**
- **Access to our monthly e-bulletin with all the latest news and updates in occupational health**
- **Ask-A-Question – our popular peer support resource**
- **All area access to our website including guides and resources:**
www.nhshealthatwork.co.uk
- **NEW THIS YEAR: a MoHaWK licence**
The Faculty of Occupational Medicine's national web-based benchmarking tool that supports local audit for OH services, allowing you to benchmark your Service against your peers: www.mohawk.fom.ac.uk

'We find our Associate Provider membership to the NHS Health at Work Network hugely valuable as it enables us to share knowledge, experience and insights directly with others who work in the field of NHS occupational health. The single source of information that the Network community provides helps to inform and direct our work as we all work together to improve the health and wellbeing of our NHS colleagues.'
